This Project is brought to you for free and open access by the School of Human Sciences at SFA ScholarWorks. It has been accepted for inclusion in Interior Design Senior Projects by an authorized administrator of SFA ScholarWorks. For more information, please contact cdsscholarworks@sfasu.edu.

Design Philosophy

I value design as a tool to create spaces that help my client live more comfortable lives. First, I believe that to create a better tomorrow we need to construct sustainably today to preserve our remaining resources. Secondly, I believe that spaces should be designed universally so that they support the client throughout the lifespan. Lastly, I believe that both sustainable and universally designed spaces should reflect imagination and beauty; everyone is entitled to good design.
