Charmel Helmick

DESIGN PHILOSOPHY

Design is relating the beauty and cultural richness of the exotic and the admired. Design is styling spaces that express the soul; creating environs one longs to come home to. Design is shaping communities for growth, success and a sense of belonging.

PROFESSIONAL GOALS

Create interiors expressing intimacy with the natural world.

Experience design in countries I have admired from afar.

Build churches and schools in foreign lands.

Reimagine old barns, churches and commercial buildings.

Design studio sets and theatrical stages.

Stage homes. Write for the trade.

Exhale God-breathed creativity and passion to inspire and influence this world.
