This Project is brought to you for free and open access by the School of Human Sciences at SFA ScholarWorks. It has been accepted for inclusion in Interior Design Senior Projects by an authorized administrator of SFA ScholarWorks. For more information, please contact cdsscholarworks@sfasu.edu.

Philosophy

Embracing the elements of design with the elements of nature.

Healthy interiors must draw inspiration from nature through its light, color, and sustainability; creating therapeutic spaces for all users. It is crucial to bridge the gap between all fields of design and cultures, bringing the innovations of healthy interiors to our homes, businesses, hospitals, and all aspects of the design process.
