Philosophy Statement

Diversity, a unique sense of culture that one brings to the essence of designing. Realizing the dreams of others takes an impartial mind, a retrospective view and ingenuity. Bringing the subconscious of one's designs to life with grace, elegance and beauty.

Introduction

I'm from the Dallas, Texas area and I will be graduating from Stephen F. Austin State University in May 2016 with a Bachelors of Science in Interior Design. Through various internship opportunities and classes, I have gained insight into the world of design and without a doubt love the industry. I am passionate about furniture design and look to grow in this particular area. My creativity starts with my natural artistic abilities and is expressed in everything that I do.
